1. OVERVIEW OF THE INVESTMENT

2. ABOUT KUNMING SOUTH HSR INTEGRATED DEVELOPMENT
OVERVIEW OF THE INVESTMENT
Perennial-Led JV Vehicle Invests in Kunming South HSR Integrated Development
Next to Kunming South HSR Station, a Key HSR Station in China

Perennial Real Estate Holdings Limited (“Perennial”), through its 45% owned joint venture vehicle, Perennial HC Holdings Pte. Ltd. (“JV Vehicle”), has been awarded the tender by the People’s Government of Chenggong District (呈贡区), Kunming, Yunnan Province to develop two plots of land with a total land area of approximately 65,054 square metres (“sqm”) which are sited next to the Kunming South High Speed Railway (“HSR”) Station (“Kunming South HSR Integrated Development 昆明南站综合项目”) at a land tender price of RMB341.5 million (approximately S$67.6 million)\(^1\).

Kunming South HSR Integrated Development has a maximum allowable Gross Floor Area (“GFA”) of approximately 627,600\(^2\) sqm and will be developed into a one-stop regional healthcare and commercial hub comprising medical care, eldercare, hospitality, meetings, incentives, conferences and exhibitions (“MICE”) and retail components.

Kunming South HSR Station, strategically located in the capital city of Yunnan Province, is the largest HSR station in Southwest China with 16 platforms and 30 railway tracks\(^3\). The station is also positioned as Yunnan Province’s East Asia and Southeast Asia Transportation Hub\(^4\) with extensive railway network providing eight local access routes to various cities across China and five international access routes to East Asian and Southeast Asian countries.

In addition, the station is the designated HSR gateway station which is expected to link Southeast Asian countries, including Singapore, to various parts of China as part of the planned Trans-Asian HSR network under China’s Belt and Road Initiative (“BRI”).

Yunnan Province and its Capital City’s Kunming’s Immense Growth in Tourism, Trade and MICE Activities

Poised to Benefit from Plans to Further the Development of Yunnan Province’s Growth Sectors and Kunming’s Designation as one of China’s Key Healthcare Cities

- Yunnan Province population stands at over 48 million\(^1\) and is currently one of China’s top tourist destinations, with tourist arrivals increasing 31.9\% to 133 million in 2017\(^2\) from a year earlier.

- Kunming has seen spectacular growth in MICE activities, with a total of over 26,000 local and international events held in 2017\(^3\).

- Kunming is also one of three cities designated as the Healthcare City of China\(^4\).

- Kunming South HSR Station, positioned as Yunnan Province’s East Asia and Southeast Asia Transportation Hub\(^5\), is expected to connect to three future Trans-Asian HSR Lines which will link Kunming to East Asian and Southeast Asian countries, including India, Thailand, Laos, Vietnam, Myanmar, Malaysia and Singapore.

- Moreover, the HSR network is expected to support Kunming’s plan to further grow its flourishing tourism industry with ease of access to popular Yunnan tourist sites, including Dali 大理, Jinghong 景洪, Lijiang 丽江, Mengzi 蒙自, Pu-erh 普洱, Ruili 瑞丽, Shangri-la 香格里拉, Xiangyun 祥云 and Yuxi 玉溪.

- It will also further the development of Kunming’s traditional and medical tourism industries, and strengthen its position as a key city for local and international MICE activities in China.

Kunming South HSR Integrated Development – Prime Location with Good Accessibility

- Kunming South HSR Integrated Development, located next to the Kunming South HSR Station, is situated within the vicinity of the University Town and is ~2 kilometres (“km”) from the Kunming Municipal Government, providing it with immediate access to a large population base and talent pool.

- The development is ~20 km from the city’s Central Business District (~35-minute drive) and ~25 km from Kunming Changshui International Airport (~45-minute drive).

- Kunming South HSR Integrated Development also enjoys excellent intra-city accessibility and is well-served by the operational Subway Lines 1 and 4 from Kunming South HSR Station.
Kunming South HSR Station – A Key HSR Station in China with Extensive Network

Catchment of about 30 million Population within 2-hour Train Ride;
Target Traffic of 250,000 Daily Passengers at Full Capacity

Operational Major HSR Lines

- Shanghai – Kunming Line 沪昆线 (one of the longest and most important lines in China)
  Quick access to key cities including Shanghai 上海 (~11hrs), Beijing 北京 (~10hrs) and Guangzhou 广州 (~6hrs), and other major cities such as Hangzhou 杭州, Suzhou 苏州, Wuhan 武汉, Changsha 长沙, Nanchang 南昌 and Guiyang 贵阳.

- Yungui Line 云桂线 (Kunming - Nanning)

Planned Major HSR Lines

- Chongqing – Kunming Line 渝昆线
- Guangzhou – Kunming Line 广昆线

Part of China’s Eight Vertical and Eight Horizontal Railway Plan

Part of Yunnan Province’s Eight Inter-city and Five International Railway Expansion Line Plan

Expected to provide eight local access routes to various key cities across China including Chongqing 重庆, Chengdu 成都, Nanning 南宁, Neijiang 内江, Shanghai 上海 and Tibet 西藏 and five international access routes to East Asian and Southeast Asian countries.

Kunming South HSR Station – Gateway HSR Station for Trans-Asian HSR Network

**Development Poised to Benefit from Station’s Strategic Reach to Communities in Southeast Asian Countries, including Singapore**

- Kunming South HSR Station’s designation as the HSR gateway interchange station connecting Southeast Asian countries, including Singapore, to various parts of China via three planned Trans-Asian HSR Lines (Central Line, West Line and East Line) as part of China’s BRI.
